IMAGINAL BIOTECH

Imaginal's delicious edibles (gummies and softgels) and easy-to-use salves are designed to transform your lifestyle and improve your sleep, boost your immunity, and reduce your stress levels. This family-owned business offers broad and full-spectrum wellness products made from premium hemp grown in the US.

Elderberry Stress Chews

Category: **Gummies**

- High Dose – Travel Pack – (5 Gummies) = **\$38**
- High Dose – Monthly Pack – (30 Gummies) = **\$128**
- High Dose – Travel Bundle – (20 Gummies) = **\$148**
- Low Dose – Travel Pack – (5 Gummies) = **\$28**
- Low Dose – Monthly Pack – (30 Gummies) = **\$98**
- Low Dose – Travel Bundle – (20 Gummies) = **\$108**

SHORT DESCRIPTION:

Imaginal Immunity Boost gummies are vegan, organic, non-GMO, allergen and gluten-free. These delicious, full-spectrum CBD & elderberry gummies are sustainably sourced from US-grown plants and could boost your immunity, reduce anxiety and stress and lower inflammation

Everyday Softgel

Category: **Soft Gels**

- 10 milligram bottle = **\$44.95**
- 25 milligram bottle = **\$74.95**

SHORT DESCRIPTION:

We use broad-spectrum CBD to make these soft gels; broad-spectrum means that the oil doesn't contain THC, but it does contain other cannabinoids, flavonoids, omega fatty acids, and terpenoids found in the hemp plant.

And speaking of the plant, we use a particular type of hemp called phytocannabinoid-rich (PCR) hemp to make these softgels. PCR was developed to have a high concentration of beneficial compounds (aka cannabinoids).

Melatonin Softgel

Category: **Soft Gels**

\$89.99

SHORT DESCRIPTION:

We reduced the size of our CBD particles to 25 nanometers by using a special process known as nano emulsification. That's 40 TIMES smaller than the competition. This, coupled with the fact that we use water-soluble melatonin, ensures that your body rapidly absorbs the CBD and melatonin, helping you fall asleep faster.

Get a peaceful night's sleep with our Imaginal Sleep Formula softgels. These 25 mg softgels contain CBD and the sleep hormone melatonin. Use 30 minutes before bed for best results

Curcumin Softgel

Category: **Soft Gels**

\$89.99

SHORT DESCRIPTION:

Curcumin is a compound produced by the turmeric plant that, according to research, has cholesterol-lowering, anti-inflammatory, and anti-oxidant properties.

When you combine these properties with the benefits of CBD, you get a potent soft gel that's not only great for relaxing but is also suitable for

- promoting brain and heart health
- boosting your immune system
- supporting healthy muscles and joints.

Pet Chews

Category: **Pets**

\$34.95

SHORT DESCRIPTION:

Did you know that CBD benefits pets in the same way that it benefits humans? According to available research, CBD helps pets stay relaxed, deal with separation anxiety, and manage pain and inflammation. That’s why we developed Imaginal Pet Chews, specially formulated treats that allow your pets to enjoy all the benefits of CBD.

Blue Lotus Focus & Zen Chews

Category: **Chews**

30-count package = **\$60.00**

5-count package = **\$25.00**

SHORT DESCRIPTION:

Our Blue Lotus - Focus & Zen Chews are the result of meticulous craftsmanship and a commitment to your well-being. Each gummy is infused with the essence of nature, coupled with the latest advancements in nutritional science.

Why Choose Blue Lotus - Focus & Zen Chews:

- Elevate your focus and mental clarity.
- Experience the soothing power of Blue Lotus.
- Convenient and delicious for on-the-go bliss.
- Crafted with precision and care.

Salve Stick

Category: **Stick**

\$32.95

SHORT DESCRIPTION:

Imaginal Salve Sticks are a convenient way to use CBD for skin, muscle, and joint health. They combine CBD with organic oils for topical use to relieve soreness and support joint and skin wellness.

Apart from CBD, these salve sticks contain various organic oils such as organic shea butter, organic hemp seed oil, and organic MCT oil (coconut derived), which are great for your skin.

Use this salve stick topically to relieve muscle soreness, keep your joints healthy, and promote skin health. We use the salve sticks as a massage aid, and they work great.

This blend is designed to boost mental clarity, focus, and creativity, making it an ideal companion for work, study, or any mentally demanding activities.

Trips Macrodose Nootropic Infused Tinctures 30,000mg 30ml

Category: Tinctures **\$49.99**

SHORT DESCRIPTION:

“Trips Tincture” is a 30ml nootropic blend offering a unique, trippy experience. Containing 30,000 mg of a special nootropic mix, it’s designed for varying expertise levels: 1 dropper for a micro experience, 2-3 droppers for advanced users, and 4-5 droppers for the experienced. Note the ‘front-loading’ approach is needed due to rapid 24-hour tolerance buildup, meaning the full intended dose should be taken from the start for the best experience.

Important Usage Note: The Trips Tincture requires a strategic approach known as ‘front-loading’. As the body quickly builds a 24-hour tolerance to the blend, it’s crucial to start with the desired dose to achieve the intended experience right from the onset. Incremental dosing throughout the day is less effective due to the rapid tolerance buildup.

Amanita Muscaria Mushroom Tincture 2000mg

Category: Tinctures **\$49.99**

SHORT DESCRIPTION:

Our Amanita Muscaria Mushroom Tincture highlights a perfectly legal mushroom that grows in the wild, and is renowned for its spiritual value. Our 30ml dropper bottle features an amber glass exterior that keeps the contents fresh and potent, while each bottle contains a generous 2000 milligrams of our purified Amanita Muscaria extract. The mushroom itself grows easily all over the world, and is easy to spot for its red cap with white spots. You may have even seen it in popular culture, as it's one of the most recognizable mushrooms of all time.

Amanita Pantherina Mushroom Tincture 2000mg (High-Strength)

Category: Tinctures **\$79.99**

SHORT DESCRIPTION:

The Amanita Pantherina Mushroom Tincture offers an extremely bioavailable way to experience the well-known “panther cap” mushroom, which grows in the wild forests of Europe and Asia. The mushroom has been decarboxylated, so that its properties are fully activated.

Available in a convenient 30ml dropper bottle, our Amanita Pantherina Mushroom Tincture provides a generous 2000 milligrams of decarboxylated, pure Amanita Pantherina extract. The Amanita Pantherina mushroom is 10-15 times as potent as the more well-known Amanita Muscaria. Muscimol is the active ingredient, rather than psilocybin, and the mushroom is distinguished by its beige caps with white spots.
